WORKS WHERE MOBILE PHONES DON'T!

SPOT GEN3

SPOT GEN3 gives you a critical, life-saving line of communication when you travel beyond the boundaries of mobile coverage.

SPOT GEN3 lets family and friends know you're OK, or if the worst should happen, sends emergency responders your GPS location - all with the push of a button. Add this rugged, pocket sized device to your essential gear and stay connected wherever you roam.

Pictured at actual size. 8.72 x 6.5cm.

NEW TO SPOT GEN3 ENHANCED TRACKING SERVICES

CUSTOM TRACKING RATE

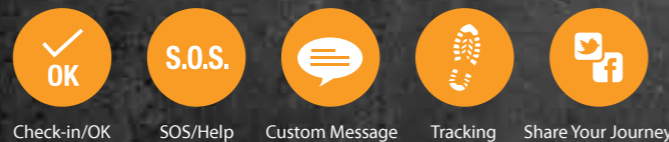

SPOT GEN3's customised tracking allows you to set the rate tracking points are sent. Select from 5, 10, 30 or 60 minute tracking intervals on the Basic Tracking plan or upgrade to the Extreme Tracking plan and set tracking at 2.5 minute intervals.

MOTION ACTIVATED TRACKING

A vibration sensor tells SPOT to send your GPS location when you are moving and to stop when you do. This conserves battery power and avoids sending duplicate tracks.
